Who Are We?

The Sylvan Lake Chamber of Commerce is an organization of volunteers working together, to promote, strengthen and develop trade and commerce in the Sylvan Lake region.

What Do We Do?

We encourage business, agricultural and industrial investment to broaden the tax base and assist in the creation of new jobs. We represent the business community at national, provincial and local levels in legislative and regulatory matters that affect business. We are actively involved with, and participate in the community.

You and the Chamber

Basic to all activities of the Chamber of Commerce is its unifying influence. Members contribute to the organizational effort through committee involvement. These efforts are mutually beneficial to the community and to the members.

Why Should You Join?

We believe that it is essential for a healthy business community to have an active and progressive Chamber of Commerce in the community. The Sylvan Lake Chamber of Commerce is strong and active. To continue this tradition we need people who will take up the leadership needed in this changing era of the 21st Century. The united voice of the Chamber of Commerce has proven very effective – where a single voice can go unheard.

Where Do We Get Financing?

The Chamber of Commerce is a non-profit organization that is run as a “business”. Operating expenses are met primarily by membership fees and fundraising activities. Your membership is an investment in the present and future prosperity of this region.

The Organization

The Board of Directors are elected, by the members, in December of each year. Throughout the year, directors carry out innumerable projects by chairing a committee in their specific area of concern and expertise. We actively take part in many community functions adding to the community’s prosperity. The scope of the Chamber’s work is limited only by the desires of its members for change.

When Do We Meet?

Members meet the 1st Thursday of each month from September to June for a networking lunch meeting. The Board of Directors meet the third Wednesday of each month, January to December.

MISSION STATEMENT:

To promote & contribute to the commercial, industrial, agricultural and civic progress of the Town of Sylvan Lake and district through the strength and participation of its members
